Subject: Event 16th July

Dear Phil

Sadly its all over, but many memories of a great evening.

I wanted to let you know that our event was a great success and most of our guests had never seen a marquee quite like it and how it looked quite magical, both in day and night light. So the desired effect was achieved. I did wonder on Saturday morning if the event was a good idea as the rain was being so persistent. But the sun came out late afternoon and dried the ground up just in time so we were able to have pre dinner drinks outside so everybody got the full effect of the unusual marquee.

Thank you for the set up ideas, I was glad we went for the extra tent for the Bar area, and thanks to Jamie and his team for erecting and dismantling the tent so quickly and efficiently.

I trust all is in order. Our thanks again.

Regards

Hilary
