Subject: Linzi Edge/David Samuel Engagement - July 2007

Hi, Phil.

Thank you so much for the superb job you did with putting together the engagement party.

We were most impressed with the attention to detail in the planning arrangements and also to the additional assistance in the week before the event during the adverse weather conditions, which were amongst the wettest days all summer! With your help we tried to smile through it all, and the sun came out on the day! How did you arrange that!

The marquee looked absolutely stunning, and what with the fantastic furnishings and decor, our guests were totally amazed! So much so that one of our guests asked for your contact details and, in fact, you supplied a marquee for their function a short while later.

We found you to be most friendly, reassuring, efficient and helpful. The clearing up afterwards was also performed most diligently. Sadly, just 48 hours after the event, you wouldn't have known we'd had over 200 people in our garden.

We wish you every success in the forthcoming years.

Also, you may be interested to know that the marquee shows up brilliantly on the satellite picture, whose link is as follows. Put in our postcode (LS14 3HY) and zoom in! It shows from all angles, although strangely there is one viewpoint where it's not there! In one of the shots it even shows the carpet leading into the marquee from the terrace! If required, we have more pictures on our camera. Let us know if you'd like to see them.
