Hi Phil,

Thank you so much for all of your help in organising and providing the marquee for our wedding, the day was perfect and your wonderful marquee was certainly part of the success!

The lads that came to put it up and take it down were brilliant, really great guys and very efficient. The marquee was perfect for the day, it gave us great flexibility as the weather on the day did range from scorching sunshine to the wind picking up at one point and a bit of a chill in the air later on. Being able to quickly roll up or let down the sides was brilliant. Everyone remarked on how great it looked.

Thank you again

Lauren
