Hi Phil,

Firstly, apologies for the delay in sending this email. The past few weeks have been so busy with honeymoon and one thing and another!

I have been busy trying to gather all the photos of the beautiful marquees that you provided for our wedding in May and I will put them on a disc and send them to you as they are wonderful!

I would really like to say a huge thankyou to you and all of your team that helped us with the marquees for our wedding. They were absolutely magical. All the help and support that you gave us before the wedding with the preparation was invaluable, and I know I asked a lot of you! Never the less, nothing was too much trouble and I really can't thank you enough.

The marquees themselves were fabulous. The guys who came to put them up were all extremely professional and so friendly. They made the whole thing look easy! We had 6 of the marquees but putting everything together was quick and so efficient. On the night of the wedding the guests couldnt believe it, from the outside they were stunning and inside was just as spectacular. Everyone said how wonderful they looked, especially when it got dark and the archways were all lit up. It was like a fairy tale! We have had so many compliments on the marquees and even had thankyou cards from guests we invited! People have said how it was the most amazing wedding they have ever been to, and I know that that is almost entirely down the marquee.

Despite the bad weather that we had, you guys were so professional and courteous.

I would happily recommend you to anyone who was looking to hold an event in a marquee. I don't think I've ever seen one so beautiful, and neither had anyone else there! In fact, I keep thinking about other events I could throw just to have another one to look at!

I really can't stress how grateful I am to you, and Jamie, as without you we wouldn't have had the wedding of our dreams, and the marquee made it happen!

Kind regards

Rebecca Ghiloni (nee Pickard)
