Dear Phil

MIDSUMMER MASQUERADE BALL 23rd JUNE 2007

Wow! What a night!

Many thanks for the huge part you played in helping me host the most amazing evening ... the marquee was stunning and I've had so many wonderful comments from friends, family and other guests. It was great to have a 'different' style of marquee and what a talking point it was too!

I hope you like the photos ... the marquee looks stunning in the daylight and even more amazing in the evening with the uplighters. All the entertainers, caterers and musicians were thrilled to work in such a beautiful marquee, in a wonderful setting, and you must have been very proud that all your time paid off, with all the precise measuring up, to include the water feature and the buffalo ... all adding to the atmosphere!

I'm thrilled to say that we raised around £25,000 for the Leeds Teaching Hospitals Lymphoedema Fund ... a fantastic achievement!

I'm personally so relieved that it all went so well and everyone had such a wonderful evening! The entertainment, as you know, was quite an investment but it all paid off as I've heard the Ball has been quite a talking point and I've already had people asking for tables at the next!! I'm still on a high!

I'd also like to mention the quick and efficient service you provided ... the marquee went up in no time at all and it was unbelievable to see the whole thing gone by the following lunchtime! Just before the bad weather started ... good timing!

Thanks again to you and all your team.

Kind regards

Yours sincerely

Katie Taylor
