28 AUG 2012

Dear Mr de Cobain

We just wanted to write a quick note of thanks to you, to your son and to the team who came to put up the fabulous marquee for Emma and Hiten's wedding. It couldn't have been a more magical and lovely venue to hold their wedding reception. We were able to take advantage of the lovely weather and the setting looking out over the Cheshire Plain to have drinks and afternoon tea outside the marquee before moving inside for dinner.

The interior was lovely with the lighting and the candles we had on each table providing a warm and atmospheric setting for enjoying the Indian meal that was served for dinner. The dance floor was well used too!

The whole day was wonderful, thanks in no small measure to your son and the team who were great and so helpful. We can't thank you enough for the excellent service and for the marquee itself.

Thank you once again for your contribution to a great day for all our family.

Yours sincerely

Rosie & Martin
