Phil

Just dropping you a quick note to say a huge thankyou for everything that you guys did for mine and Ade's wedding. The Marquees that we hired from you were fantastic and really looked great on the day. I couldn't fully imagine what our marquees would look like, however when they were up I knew we'd made the right choice by going with you guys.

Jamie was an absolute star on the day and was really helpful. Even when I wanted the tables setting up which should have been the caterers job they just got on with it for me.

The guests thought the marquees were amazing and looked fabulous in the setting of Woodthorpe Hall.

I've included some photo's for you so you can see what it all looked like. If you want to use them please feel free.

Thanks again and good luck for the future

Kind Regards

Fi
